beraimendi 3 atau U X O dan u X V = u x w

maka pastilah u = w

: downc

otta U X O, U X V = U X W

membuktikan apakah u = w

 $\bar{u} \times \bar{v} = \bar{v} \times \bar{v}$ $\bar{u} \times (\bar{u} - \bar{u}) \times \bar{u}$ $|\bar{u}| + |\bar{u}| + |\bar{u}| + |\bar{u}|$
